**BEST BET: Race 3 - #8 Enders Cat**

Not only has the barn been winning up a storm, but this horse has clearly found his groove. If you through out his race in the Claiming Crown Iron Horse, Enders Cat has been ultra consistent. His last win came at this class level, and his race against starter allowance company two starts back far surpasses his competition's recent form. 4 out of his 5 career victories have come here at Gulfstream.

**LONGSHOT: Race 7 - #5 Momentiempo**

This filly definitely has her work cut out for her facing winners for the first time, and she does not meet an easy field. However, she is the unknown in here for the excellent Jimmy Toner barn, which bats at 24% with last out maiden winners on the turf. Momentiempo, who is the half sister to Grade 1 winner Time and Motion, also trained by Toner,

earned an 81 Beyer Speed Figure for her maiden score and looks well-meant second off the layoff.
