BEST BET: Race 8 - #9 Sol Dat Sugar

Making her third career start, this filly greatly improved with her Beyer Speed Figure last time out, earning a 51 to be second beaten a length. Closing steadily behind a horse that wired the field, her experience should give her an edge.

LONGSHOT: Race 6 - #8 Horse Spotter Carl

Trainer Steve Dwoskin bats around 23% with horses second off the layoff in dirt sprints and that's exactly what this horse is. He broke from the outside last time out, and was also bumped at the start. A horse that is better when on or close to the lead, he should be stronger today.
