BEST BET: Race 2: #2 Spurs N Bows

Coming off of a six month layoff and switching from turf to dirt, Spurs N Bows ran a respectable fourth last time out. Now claimed and in the barn of Angel Rodriguez, the new connections keep the status quo and he'll try sprinting on the dirt once again. This barn is 3-for-5 in the win column with horses first off the claim, second off the layoff, and on the dirt, plus 5-for-5 in the money with this move.

LONGSHOT: Race 9: #6 Hy Riverside

In The Jeblar, Todd Pletcher's Zulu will undoubtedly take all the money. To the outside, Hy Riverside cuts back to a distance where he has had a great deal of success, never finishing off the board. At the seven furlongs, he has a record of 6-2-3-1. An upset winner of the Sunshine Millions Classic in January, Hy Riverside promises to be a more appealing price than the favorite in here.
