BEST BET: Race 4 - #2 Izzy the Warrior

More than anything, I think the drop in class is key for this horse. Beaten as the favorite two starts back against tougher competition, he fired a dud last time out and now drops into a level where it looks like he can be successful. He has the ability to sit just off the speed to his inside and should get a good trip under leading rider Luis Saez.

LONGSHOT: Race 13 - #8 Soar From Shadows

This filly does meet a strong field for her first race on turf, but she has two starts underneath her and some nice turf breeding. Out of a mare that was stakes placed and won on grass, both of her siblings to try turf won on it. Additionally, she comes out of a key race (even though it was on the dirt) that produced three next out winners. Trainer Jimmy Toner also has Irad Ortiz Jr. named to ride.
