BEST BET: Race 1 - #5 Fast Fact

This horse had a good maiden win two starts back, but did not perform as well last time out against tougher competition. He gets a needed drop in class, and also picks up hot riding Miguel Vasquez. This gelding looks to be in the right spot.

LONGSHOT: Race 8 - #5 King Power

This horse certainly hasn't lived up to his high purchase price, although I do think he's found his stride lately. He's been showing speed on the dirt, and current trainer Armando De la Cerda will try him once again on the turf after an open length win last time out. This barn has been in a groove lately, and top jock Luis Saez retains the mount.
