BEST BET: Race 10 - #9 Threat

Now back in the barn of Victor Barboza, Jr., this filly is dropping down in class upon her return to Gulfstream Park. She got a win last time out on a wet track at Charles Town, and has been able to keep her form wherever she goes. Not to mention, she is tactical and can sit a nice stalking trip in a race where there seems to be plenty of speed signed on.

LONGSHOT: Race 7 - #8 Indicia

Maybe first time starters on the turf is not the most productive move for trainer Armando De la cerda, but he did have a nice turf runner win first out here at Gulfstream Park just recently: Too Much War on July 14. Indicia is a filly by Skip Shot out of a mare that won three times on the turf, and, in a race where the Todd Pletcher runners will surely take most of the money, let's see if we can get this new face in the mix at a price.
