BEST BET: Race 5 - #3 Cajun Queen

This looks like the right spot for Cajun Queen to get back to her winning ways, though she certainly will have to be on her A-game. After being involved in a very tight, three-horse photo finish last time out when closing strongly, she has class on her side and has been in very strong form since being claimed by Herman Wilensky.

LONGSHOT: Race 11 - #8 Bridge of Sighs

It's been a tough year for trainer Roy Lerman, but at a big price in the nightcap this filly is a new face in a maiden field full of questions. Shipping in from Tampa after a solid third place finish in her last race, she gets Lasix for the first time, and, most importantly, Edgard Zayas in the saddle.
