**BEST BET: Race 7 - #9 Sunnysammi**

After running a solid third last time out against significantly tougher competition, this mare gets a drop in class. While the drop can potentially be seen as a red flag, she was just in for a tag two starts back, where she won while stalking the pace. That running style should be to her benefit in here.

**LONGSHOT: Race 8 - #2 April Rose**

This mare was running huge races during last year's Championship Meet, and it looks like that most recent race at Gulfstream Park West was meant to shake the cobwebs off. She has been working bullets since then, and gets Luis Saez up today, who piloted her to victory back in January.
