It is used in pastes, hot sauce, and some pain relief creams, ointments, liniments, braces, and patches. HISA lists capsaicin as a Class B Controlled Substance. HINU's partner labs test for Capsaicin Post-Race, Vets List, and Post-Work Samples. Horsemen should read all labels to check for capsaicin in the list of ingredients and exercise caution when using these products close to a race or workout. Horsemen or veterinarians with questions may reach out to sciencesupport@hiwu.org.

ATTENTION HORSEMEN:

The aftercare of horses that have shipped to Puerto Rico to race, and are no longer racing, are of great concern to Gulfstream Park and 1/ST Racing. Trainers and Owners are warned not to ship injured or infirmed horses to Puerto Rico or they may be subject to fines and loss of stalls at all 1/ST Racing facilities. We will continue to monitor the number of horses shipped to Puerto Rico from trainers and owners who have horses at Gulfstream Park. We encourage our horsemen to utilize the on-site Safety Steward, Richard Simmons for specific information by calling 754-236-4790 and our on-site Aftercare Coordinator, Raina Gunderson by calling 954-682-1294.

Children under 16 years of age are not allowed in the Receiving Barn.

Attention Trainers: Prior to administering any supplements to any horse, please research the product and check the ingredients, to prevent violations of the possession or use of banned substances. Supplements have been cited as a possible source of the banned substance diisopropylamine, though Gulfstream Park notes that no specific products or individual manufacturers have been identified. For a list of base and other transfer or individual manufacturers have been identified. For a list of banned substances please go to the HIWU website.

Please Note: Those enrolling in the ACH Electronic Payment Program will be receiving a one-time verification call from Gulfstream Park.
