Attention Horsemen: HIWU's testing program includes the testing of selected horses after routine timed workouts/breezes (Post-Work). This testing is separate from Vets? List testing. Trainers will be notified of selection for Post-Work testing within one hour of a horse's completion of the breeze. For more information about medications that can be used in relation to a routine breeze, visit the News tab on hiwu.org for the latest advisory. For questions, please contact Dr. Mary Scollay at (859) 489-7677 or Dr. Patti Marquis at (816) 516-5641.

It is against HISA rules to breeze a horse within 7-days of an intra-articular injection. For example, if you inject a horse on Saturday, you cannot breeze the horse until the following Saturday.

For the health and welfare of all horses, it is now MANDATORY to hose off all horses following each race. Hoses are available along the length of the stretch. Non-compliance will result in fines. This policy is in effect until further notice.
