#### **BEST BET: Race 6 - #2 Chao**

Second off the claim for trainer Mike Maker, this horse is dropping back down in class after trying tougher last time out. It just seems like a realistic change after a flat performance in his most recent start, and he should have enough pace to run at to get a good trip in here. Hall of Fame jockey Javier Castellano has the call.

#### **LONGSHOT: RACE 11 - #7 Viking Plunder**

In this wide open nightcap, I think this gelding has a good chance to improve. Making his second start for trainer Jose Gallegos, he is also making his second start off a layoff and taking a big drop in class. He had a bit of trouble last time out, and looking back through his past performance, ran his best race at this very level, beaten a head in his debut.
